

Airman James F. Harnois

## HARNOIS PICKED FOR TECHNICAL TRAINING

SAN ANTONIO, Tex. — Airman James F. Harnois, son of Mr. and Mrs. George R. Harnois, Jr., of 205 South Street, Agawam, has been selected for technical training at Lackland AFB, Texas, as a U.S. Air Force communications electronics specialist.

The airman recently completed basic training at Lackland. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Harnois, a 1963 graduate of Agawam High School, attended Ward's Business School in Worcester, Mass.

## John Chriscola Is

### UNICO Dinner Chairman

President Gino Rossi, of the Agawam Chapter of UNICO has announced the appointment of John Chriscola as general chairman of the 5th annual UNICO Macaroni Dinner, to be held Feb. 16, 1967, at the Agawam Junior High School.

Mr. Chriscola, in his first committee assignment, has selected Albert Christopher as co-chairman of the dinner and Mr. Christopher will also serve as ticket chairman. Other committee assignments will be released next week by Mr. Chriscola.

Nearly 70,000 persons are employed in the electronics industry in Massachusetts.

S/Sgt. Homer E. Flowers

## Local Girl's Husband Named Outstanding Non-Com In Spain

TORREJON, Spain — Staff Sergeant Homer E. Flowers, whose mother is Mrs. Margaret E. Mann of R.F.D. 1, Hancock, Md., has been named Outstanding Noncommissioned Officer in his unit at Torrejon A.B., Spain.

Sergeant Flowers, a food service specialist, was selected for his leadership, exemplary conduct and duty performance. He is a member of the U. S. Air Forces in Europe, America's overseas air arm assigned to NATO.

The sergeant attended Hancock High School. He served during the Korean War.

His wife, Geraldine, is the daughter of Robert W. Simpson of 829 River Road, Agawam.

## WITH EGG ON MY FACE . . .

by Florence Moreno

About a month ago I wrote a very enthusiastic and optimistic article about our much discussed injunction against Longmeadow, to force them to stop burning in their dump. The optimism was engendered by the fact that on the night before I did my writing the selectmen had ordered the town counsel to request the injunction immediately. However, it appears counsel then looked into the legal procedures and found that there was some sort of precedent set in matters of this nature, whereby the attorney general was called in for an opinion before any action was taken. (This being the case, I don't understand why it wasn't discovered after I brought the petitions before the selectmen, in October yet. I pleaded then for immediate cessation of burning in the name of all the people who signed the petitions.) So, counsel informed me three weeks ago, he was going to write to the attorney general to get his opinion on the proposed action. Now, the selectmen had ordered the procedure for the injunction at their December 19 meeting. Today, as I'm waiting, it is Sunday, January 15, almost a full month later, and it was my non-pleasure to inform the selectmen that the letter had not even been written; that, in fact, following their directive of last month, absolutely nothing has been done, and Longmeadow is still burning, and, frankly, so am I.

## EDWARD T. ROSSO ON 30-DAY LEAVE

Edward T. Rosso, son of Mr. and Mrs. Thomas Rosso of Hastings St., Feeding Hills, is currently spending a 30-day leave at his home. Edward, a graduate of Agawam High School, completed his basic training at Fort Dix, N.J., and then spent six months training as a medical corpsman at Medical Training Center, Fort Sam Houston, Texas. From Texas, Edward has served the last year in Vietnam in the medical unit of the 1st Battalion, 18th Infantry Division. Edward gave aid to the wounded in Vietnam, coming in with the stretcher bearers and giving medication to those who needed it.

Following his 30-day leave, Ed will be stationed in Houston at Ft. Hood, Texas, where he will instruct other medical corpsmen. He will be discharged from the service in July.

While in high school, Ed enjoyed painting and he worked two summers at the Storowton Music Tent. He was a guest of Wally Beach for dinner on Saturday.

## Springfield Camping Show Scheduled For March 10-12

The fifth annual Springfield Camping and Outdoor Show will be held Friday through Sunday, March 10-12, at the Better Living Center on the Eastern States Exposition grounds in West Springfield.

The show is considered the largest of its type devoted exclusively to family camping in the United States. Over 75 exhibits will completely fill the 123,000 square-foot floor of the Better Living Center. On display will be the latest in camping trailers, tents, boats, outdoor equipment, hunting and fishing supplies, and information on campgrounds throughout the Northeast.

The show has attracted over 65,000 people in each of the past three years, reflecting the tremendous nationwide interest in family camping. Latest estimates indicate that there are over 30 million family campers in the country.

Sponsor of the show is the Pioneer Valley Chapter of the New England Family Campers Association. The members of the chapter, including some 225 families, inaugurated the camping show in 1963 and have run it almost entirely with volunteer assistance.

## GI Insurance Dividends In Mass. To Total \$7-Million

Massachusetts veterans holding G.I. Insurance will be paid \$7,112,200 in dividends during the year 1967. The announcement of the dividend payments was made by William J. Driver, Administrator of Veterans Affairs.

World War II veterans in Massachusetts will be paid \$6,605,200 over the twelve month period beginning January 1. All dividend payments will be made on the anniversary date of the policy, Driver said.

This is the same procedure followed in 1966. There are 142,281 World War II veterans in Massachusetts who have retained their G.I. Insurance and will receive dividends. Driver said the average payment would be about \$46.

In addition to these dividends, 6,625 Massachusetts World War I veterans will receive \$507,000 in dividends. Their average payment will be \$76. They will also be paid on the policy anniversary date.

World War II veterans received their first dividend payment in 1950, and a dividend has been paid each year since that date.

The total dividend will be slightly lower this year than in 1966 mainly because 6,300 fewer policies are eligible for dividends. In 1966, \$7,043,300 was paid World War II veterans and \$513,760 was paid World War I veterans in the Commonwealth.

## PUTNAM TO ADDRESS ROBINSON PARK PTA

The January meeting of the Robinson Park School Parent-Teacher Association will be held on Wednesday, January 25, at 8 p.m. in the school cafeteria.

A short business meeting will be conducted by PTA President Mrs. Daniel Clark, following which the program chairman, Mrs. Louis DeChristopher, will introduce the speaker of the evening, Mr. William L. Putnam. Mr. Putnam is the president and general manager of Channel 22, WWLP, Springfield Television Broadcasting Corporation.

He is well-known throughout the area for his television editorials and his extensive background as a mountaineer. Mr. Putnam's topic will deal with "Our Changing World."

Refreshments will follow the program under the direction of Mrs. Richard Granger.

Joey Riel

## Palmer Newsboy Promotes Heart Fund Cause

A well-poised Palmer newsboy will personify the Heart Fund cause during the annual February campaign as the 1967 "Prince of Hearts."

Joey Riel, 11-year old son of Mr. and Mrs. Francis Riel of 14 Winthrop Street, Palmer, now fully recovered from heart surgery performed in January, 1965, in Boston, will be making several public appearances on behalf of the Western Chapter, Massachusetts Heart Association.

Joey's efforts will be directed toward calling public attention to the Heart Fund Drive which seeks to raise funds for the support of the research, education and community service which combats heart disease. Statistically, heart disease was responsible for 54.6 per cent of all deaths in the United States last year.

A pupil at Thorndike St. School in Palmer, Joey enjoys the activities any normal boy would like. He plays football with the neighborhood youngsters, basketball, baseball and the like. He rides with vigor the new bike he bought with proceeds from his Springfield Daily News route. Quiet games also have a place in his routine and he is an accomplished model toy builder.

Joey's heart problem came to the attention of doctors when he was an infant of 2-1/2 months. An operation in his first year corrected his condition temporarily, but as he grew older and stronger the physicians decided that a full correction of a pulmonary valve, a hole in the heart and two other defects was necessary. The complicated surgery was performed by a team headed by Dr. Robert Gross in Children's Hospital in Boston, and Joey has made a full recovery, according to his parents.

Mrs. Riel understandably is a dedicated Heart Fund volunteer. She has served for several years as Heart Sunday chairman for her community, and this year, working as co-chairman with her sister-in-law, Mrs. Jean Nichols of Alden Street, Palmer, will again lead the February 26 neighborhood canvass in her town.

Joey has already appeared as a

## Hammond Bill Seeks More Land For Westfield College

WESTFIELD -- State Senator George D. Hammond of Westfield has filed a bill which would enable the Massachusetts Department of Education to acquire approximately 14 acres of land adjacent to Westfield State College for use as an athletic field and for the construction of an olympic-size swimming pool and locker building. The land, owned by Edward A. Behrs, is located on Route 20.

"Westfield State College's athletic program is expanding at a fast rate," Senator Hammond said. The college is fielding varsity soccer, baseball, basketball, and golf teams which are engaged in intercollegiate play. Within the near future it will have track, tennis, wrestling, and swimming teams in intercollegiate competition.

"All of this is being done or planned with athletic facilities that were designed at a time when there was no such sports program. There are now approximately 600 male students to provide player material for Westfield State College teams, and if enrollment continues at its present rate — and I believe it will — there soon will be 1000 male students at the college."

Senator Hammond noted that there are "very active" physical education requirements in the college's teacher training program, including specialized courses, "and a full-scale sports program will augment and lend strength to this phase of the curriculum."

"I have talked with Dr. Leonard Savignano, the very capable president of Westfield State College," Senator Hammond said, "and it is his hope that the present athletic property may one day become an academic area, perhaps the location of an academic quadrangle. He also envisages the day when the college will have a big field house for community as well as college events, in line with his feeling that the college should also serve the community. These are very logical and worthwhile goals and they will have my support."

\* \* \*

A Massachusetts rubber manufacturer makes over half of the rubber bands used in the world.

special guest at a Westfield Chamber of Commerce Early Bird Breakfast, and he is booked for a television show originating in Springfield, as well as for other functions that will aid the heart cause. Joey said he is gladly serving as the "Prince of Hearts" this year because he knows that Heart Fund contributions have made possible the new knowledge that enabled doctors to correct a condition for him which only a very few years ago would have been considered hopeless. He said he hoped that anything he could do would help other children and adults in the years to come.

Send in only \$1.00 and we'll put you on our mailing list for 1 year.

**W.N.E.C. BUILDS NEW DORM FOR MEN**

SPRINGFIELD, Mass. — The construction of a second men's dormitory, the eighth building to be erected in the past nine years on the Western New England College campus, will start immediately it was announced today by college president Dr. Beaumont A. Herman.

Planning for the new housing facility has been underway for some time, Dr. Herman reported, and added that a contract has just been signed with A. R. Green & son, Inc., of Holyoke, low bidders on the \$449,200 project. The dormitory, designed by McClintock and Craig, Inc., Architects and Engineering, is scheduled to open in September of this year.

The three-story dormitory will occupy an estimated 24,170

square feet and accommodate 138 students in double rooms and four proctors. Also included will be a lounge, two television rooms, a laundry room and storage areas. Like the first campus dormitory, it will be electrically heated, with individually controlled thermostats in each room.

The sight of construction crews is nothing new on the WNEC campus, for this is the eighth building to be erected in nine years. "I hardly remember ever seeing the campus without some construction work going on," commented Dr. Herman. "We need this dormitory badly to take care of our increase in out-of-state students. This year we have 140 men living on campus; next year there will be 280, and our enrollment will be over 900. We consider this dormitory not only a strengthening of the college but an economic boost to the community," he added.

As bulldozers clear the way at one end of the campus for the construction of the dormitory, the other end of campus is just as busy with workmen progressing rapidly on the new two-story addition to the D. J. St. Germain Campus Center. Scheduled to be

completed and ready for occupancy by April 1 of this year, the new wing will house a recreation room, a lounge, two conference rooms and two offices, plus shower facilities for athletic teams.

Dr. Herman further pointed out that with the completion of the present projects, eight buildings valued at over \$3,500,000 will have been built on WNEC's Wilbraham Road campus since 1959.

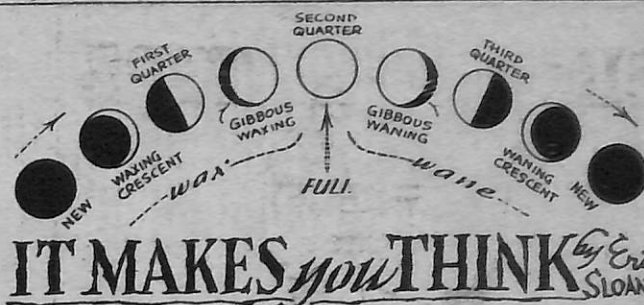

**ARE YOU NEARING AGE 65?**

If so, it is time to think about your social security benefits and what you have to do to get them — especially medicare, according to Daniel J. Murphy, Jr., district manager of social security at Springfield.

Medicare consists of two kinds of protection, hospital insurance and medical insurance, which pays doctor bills. You get the basic hospital insurance as soon as you reach 65, whether or not you apply. But your doctor bill insurance will not begin with the month you reach 65 unless you apply for it during the 3-month period just before the month of your 65th birthday. If you sign up in the month of your birthday or in the following 3 months, you will have to wait for one to three months for your protection to begin, and if you delay beyond that, your next chance to enroll will not come until October, 1967.

If you have already applied for social security or railroad retirement benefits, you will receive automatic notification to enroll for the doctor bill insurance. Your hospital insurance protection will begin automatically the month you reach 65. But, if you have not applied for your monthly cash benefits under social security, you should get in touch with your social security office promptly. Unlike social security cash benefits, you do not have to be retired in order to qualify for medicare.

People who are working or who cannot for other reasons visit their district office can start

**IT MAKES YOU THINK** *by Eric Sloane*

In my quest for collecting old almanacs, I recently found myself fingering a Franklin job with an extra blank leaf each month for diary notes. It seems that Ben sent these to his special friends every Christmas, and this one was sent to his neighbor, Isaac Norris, the fellow who ordered the Liberty Bell. Norris wrote in a fine hand on one page, "Put in the root crops during the waning moon."

In this day of lunar exploration it is remarkable how much we leave to the experts and how little the average man knows for himself. In Franklin's time even a child knew all the general facts about the moon. Now we talk about a "new moon" not knowing that a true new moon is without light; we talk about a "half moon" not realizing it is either a first or third quarter. Of course, the moon "travels" in the same direction as the sun, but it is surprising how few people know even that.

When it is a good time for curling up with a good book, I often go through my old almanacs and find myself not only entertained but taught. Last year when my wife was ailing and all the local doctors seemed to be away on vacation, I thought I'd take some of Ruth's worry away by looking up her symptoms in some of my eighteenth century almanacs. At least it might make her laugh. The symptoms according to Doctor Beers in 1797, indicated "either chilblains or scarlet fever." Later when the doctor finally arrived, he did a lot of humming and nodding, indicating professional uncertainty. "It looks to me," he said, "like either chilblains or scarlet fever."

Another time, I awoke to find that I had completely lost my voice. My almanac told about how George Washington died of quinsy sore throat, and the symptoms were all too alike. Beside bleeding (which I guess really did the killing) it also suggested "rolling a horn of paper, putting some baking soda inside, aiming the small end at the tonsils and getting someone to blow into the large end of the cone." I guess I put too much baking soda in my cone of newspaper and I guess I should have explained the whole thing to Ruth. I just asked her to blow and she thought it was some sort of strength test. When I came to a few minutes later, she asked "What was that white stuff that blew out of your ears and your nose, and why did you want me to blow into that paper?"

"It was to help my sore throat, you nut!" I replied. "But you've got your voice back," she said. And indeed I had. So this year I sent out almanacs instead of Christmas cards, and if you were on my list, let me know if you glean any knowledge. It's my favorite paperback and there's something for everyday in the year. Maybe next year I'll even include a blank page for your daily notes each month. If Ben Franklin had that patented, the patent must have run out by now.

the application process by phone or letter. The social security office can assist you with the application, and answer any other questions you may have.

**ALA Urges Crackdown On Passing On Right**

BOSTON -- A crackdown on violators of Massachusetts' passing on the right law was urged today by the Automobile Legal Association.

Philip C. Wallwork, ALA safety director, said the organization has received many complaints from irate motorists about abuses of the law, which went into

effect last June.

The law permits passing on the right under certain conditions, including when a car ahead is making a left turn; on a one-way street when there is adequate width, and on a divided highway having two, or more, lanes going in one direction.

"Many Bay State motorists apparently are not too familiar with the law's provisions and think they can pass on the right on all roads, whenever the opportunity appears," Wallwork said.

"The law has also seemed to encourage a number of traffic weavers who dart through traffic as if it's some sort of innocent game," the ALA official said.

If you're going around in circles, maybe you're cutting too many corners.

It is hard to believe that someone can differ with us and be right.

# SKI TIPS

## #3 KICKTURN

By Ace Manley  
Director, Big Bromley Ski School

The kickturn is a complete change of direction from a standstill. It is the fastest way for a skier to turn around in a stationary position.

If he is on a slope, the skier stands with skis horizontal to the slope. With skis parallel, both poles are placed in front of the skier at almost arms' length.

One ski, in this case the downhill ski, is kicked forward and up in the air until the tail of the ski is set in the snow near the tip of the uphill ski. Without any hesitation, the downhill ski is pivoted downhill and swung around behind the skier to face the tail of the uphill ski.

Meanwhile, the downhill pole has been planted in the new uphill position.

As the uphill pole is then brought to a full arms' length on the downhill side, the original uphill ski, in one quick motion, is swung around flat and placed in parallel position with the original downhill ski.

The skier should now be facing in the opposite direction from which he started the kickturn.

## #4 STRAIGHT DOWNHILL RUNNING POSITION

By Ace Manley  
Director, Big Bromley Ski School

Perhaps the best exercise for the beginner to develop good balance and coordination is the straight downhill running position.

Before starting this maneuver, the skier should pick out a very gentle slope with a long run-out at the bottom having no obstructions. This is especially important since this is probably the skier's first downhill running or free motion skiing.

At the start, the skis are flat on the snow and close together (about four inches apart). The knees and ankles are flexed forward, the weight equally distributed on both skis, and the body perpendicular to the slope.

This form and motion should be practiced many times before any further progress is attempted. The balance and coordination achieved at this point will be of significance later.

Next: "Straight Snowplow"

## SCHOOL MENUS

FRI: bkd, fish stix, homemade bkd, bns, gar, sal, hotap, muff, purp, plums.

MILK SERVED WITH ALL MEALS

## W. BROOKFIELD TEACHERS SIGN TWO-YEAR PACT

WEST BROOKFIELD — The teachers and school committee of the central Massachusetts Town of West Brookfield reached agreement on a two-year collective bargaining contract on Tuesday, January 10.

The pact, which provides for teacher-school board negotiations relative to wages, hours, and other working conditions, was signed following a series of meetings between representatives of the West Brookfield Teachers' Association and the three-member elected school committee.

Jerome R. Landry, Massachusetts Teachers' Association research director, who aided the local organization's negotiating team, noted that the new salary schedule, which goes into effect next September, will increase the teachers' wages from \$400 at the minimum end of the scale to \$600 at the maximum. The schedule will pay teachers with a bachelor's degree \$5400 to \$8100, with annual increments of \$250.00. Holders of the master's degree will receive \$5700 to \$8400. In both cases, the maximum salary will be paid to teachers with twelve years' service.

Other provisions of the contract include a limitation on class size, an improved sick leave policy, and an in-service training program for teachers.

School Superintendent Paul V. Daley of Union #12, which includes West Brookfield and two other towns in the area, stated

that the agreement was reached amicably because "both groups determined at the outset that a fair and equitable contract would result in a betterment of the town's educational climate and would enhance the learning opportunities of the children of West Brookfield."

Only last August, the Massachusetts Teachers' Association imposed professional sanctions on the Town of West Brookfield. This action followed an investigation by the state organization of charges that poor relationships existed between the school committee and the professional staff in that community.

The sanctions were removed on September 26, when a basis was found for resolving the conflict.

School Committee members Mrs. Elsie Jackson, Henry Harder and Richard F. Morse signed the contract, which has a June 30, 1969, expiration date.

The teachers were represented by the local association President John P. Lee, Sam Lambert, and Helen LaPierre during the deliberations, which were held in the town's only school.

## LADIES, LOOK, IT'S HERE IN AGAWAM

Wig Fashions, 293 Walnut St., Agawam (next door to Edna Berger) has been opened recently by two young Agawam women, Nancy Kozak and Rosemary Stratton.

Wig Fashions features wigs, falls, wiglets, and hairpieces by Oleg Cassini, internationally known designer and stylist who has become even more prominent in recent years due to the preference for his styles by a former first lady. Many other brand name wigs are also carried.

Nancy and Rosemary have attended classes at the Famous Designer Wigs School in Providence, Rhode Island, where they have been schooled in the fine points of the art of wigging.

Wig Fashions is now open for business and welcomes anyone interested to come in and look around, and just say "hello."

When you hear a person complain that the holidays aren't what they used to be, you may be sure that neither is he.

## American Legion Auxiliary

By MRS. GLADYS CATCHEPAUGH

### JUNIORS ELECT

The joint meeting of the SAL of the Legion and the Auxiliary Juniors was held at the Legion Home on Sunday afternoon. A small but enthusiastic group attended and, and several projects were discussed. The juniors elected the following officers: chairman, Janice Crawford; vice chairman, Maureen Whalen; secretary-treasurer, Eva Belcher; historian, Susan Gillan; chaplain, Kathie Crawford; sergeant-at-arms, Judy Whalen.

The next meeting will be held on Sunday, January 29th, at 2 p.m. in the same place. Sons of the Legion will hold their election then, and plans for installation will be made.

### DANCE AND SMORGASBORD

The dance and smorgasbord for the benefit of the junior organizations of Post and Unit will be held on Saturday evening, January 21st, with the junior chairman of Post and Unit, Tom Whalen and Wilma Gillan, in charge.

The usual delicious spread will be served from 7:30 to 8:30 and the band will arrive at 8 to supply music for dancing until 12 p.m. Tickets may be had at the Post or from the chairmen at 99¢.

The proceeds of this affair will be divided between the SAL and the Unit Juniors to carry on their projects.

### UNIT MEETING

The next regular meeting of the American Legion Auxiliary Unit 185 will be held in the Buddy Morrison Lounge on Monday evening, February 6th.

### NOTES

We are happy to announce that Carol Gillan, who has been confined to Noble Hospital in Westfield with pneumonia, returned home early this week.

By this time we hope that young Jimmie LaMountain is also recuperating at home. He entered the hospital on the 17th.

### A WORD OF THANKS

Unit 185 wishes to thank Zayre's and the manager, Mr. Perlman, for his kindness in donating three large cartons of unused Christmas cards for use in and for Monson State Hospital. Through our juniors these will be used in making gifts and many taken to the hospital for the children's own crafts. Again, many thanks.

### SING-ALONG EVENT SATURDAY EVENING

There follows just about the worst rhyming in history - but please forgive us and let it serve as an invitation to all square dancers to join us Promenaders at our next dance! Do you square dance? Can you sing? We'll welcome you to our fling.

Be there at eight, full of pep! At Granger School we'll gaily step.

Saturday eve, the twenty-first.

Save the date . . . be there first!

We'll feed you, too, "coffee and" Dance some more. It'll be grand.

Eleventh hour . . . "Goodnite all" Glad you came, had a ball!

We will be joining the Stumbler Squares for this and future dances to be announced as we come upon them. For this "Sing Along" at Granger there will be two (count 'em) callers, familiar to all dancers in this area as Bud Flebotte and Lou Taddia. So come on up to the corner of Springfield and South Westfield Streets, square 'em up, and listen for the call to "join hands and circle left, left, left, and AWAY WE GO!

The only favorable thing to be said about polluted air is that it's better than no air at all.

### QUICK REPAIRS

## Agawam Council PTA Executive Board To Meet

Mr. David Skolnick, president of the Agawam Council PTA, has called a meeting for Monday, January 23, at the Agawam High School for 8 p.m. The meeting will be held in the guidance conference room.

Executive Board members of the Agawam Council are urged to attend, since many important items are on the agenda.

### Legal Notices

#### MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Dal Brothers Realty Corporation, of Agawam, Hampden County, Massachusetts, to Hoosac Savings Bank, now known as North Adams Hoosac Savings Bank, a banking corporation organized and existing under the laws of Massachusetts and having a usual place of business in North Adams, Berkshire County, Massachusetts, dated July 1, 1959, and recorded in Hampden County Registry of Deeds, Book 2685, Page 571, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing, the same will be sold at public auction at eleven o'clock A.M. Eastern Standard Time on the 31st day of January, 1967, on the premises below described, all and singular the premises conveyed by said mortgage, said premises being therein described substantially as follows, to wit:  
"The land with the buildings thereon situate in Agawam, in the County of Hampden, Massachusetts, bounded and described as follows, viz.:

Beginning at a point in the Westerly line of Main Street, one hundred fifty-eight and 50/100 (158.50) feet Northerly by said Westerly line of Main Street from a Massachusetts Highway Bound at the Massachusetts-Connecticut line; thence

NORTH 75° 51' 30" WEST, eight hundred thirteen and 17/100 (813.17) feet to an iron pin; thence

NORTH 0° 17' WEST, five hundred seventy-six and 84/100 (576.84) feet to an iron pin; thence

SOUTH 71° 50" EAST, two hundred seventy-six and 44/100 (276.44) feet to an iron pin; thence

SOUTH 43° 25' EAST, three hundred thirty and 47/100 (330.47) feet to an iron pin; thence

SOUTH 64° 45' EAST, thirty-eight and 75/100 (38.75) feet to an iron pin; thence

SOUTH 75° 11' 30" EAST, one hundred thirty-nine and 40/100 (139.40) feet to an iron pin; thence

SOUTH 73° 39' 30" EAST, two hundred thirty-nine and 25/100 (239.25) feet to an iron pin in the Westerly line of Main Street; thence

SOUTH 16° 31' 30" WEST by the Westerly line of Main Street, three hundred forty-six and 70/100 (346.70) feet to the point of beginning.

(Being the same premises conveyed to it by deed of Edward J. Dal Molin et als, dated April 4, 1951, recorded in the Hampden County Registry of Deeds, Book 2106, Page 512.)

Excepting herefrom the premises conveyed by two deeds from Eliza Dalmolin; one dated August 18, 1941 to Angelino Dal Molin, et ux, recorded in the Hampden County Registry of Deeds, Book 1720, Page 386; and the other dated May 31, 1949 to Carmelo Mazzaferro, et al, recorded as aforesaid Book 1800, Page 219.

Including as part of the realty all portable or sectional buildings at any time placed upon said premises, and all elevators, pipes, oil burners, furnaces, heaters, hot water heaters, ranges, refrigerators, refrigerating apparatus, plumbing, gas and electric fixtures, screens, screen doors, storm doors and windows, mantels, shades, awnings, blinds and all other fixtures, machinery, appliances and equipment of whatever kind and nature at present contained, or hereafter placed, in, on or about the buildings, now or hereafter standing on said premises.

The above premises will be sold subject to all outstanding tax titles, municipal or other public taxes, assessments, or liens, if any.

Terms of Sale: One Thousand Dollars will be required to be paid in cash by the purchaser at the time and place of sale as earnest money, balance in cash on delivery of deed, deed to be taken within ten days from the date of the entry of the Final Decree approving said Sale by the Superior Court of Hampden County, other terms to be announced at the sale.

#### LEGAL NOTICE TOWN OF AGAWAM AGAWAM, MASS.

Article 6:-  
Voted 104 Yes — 12 No To amend the Zoning By-Laws, with the following Revisions pertaining to Residence B—Page 18, Section 6, Paragraph 4, entitled:

"An apartment house as defined," be removed and the following be inserted: "An apartment house, multiple dwelling unit, or garden type apartments as defined and subjected to the following regulations":

(a) The project shall be located on a lot containing not less than 80,000 square feet and the building coverage shall not exceed 40 per cent. The maximum number of family dwellings permitted is determined by dividing the total square feet of the area involved by the number 5000.  
(b) No building, except an accessory garage building, shall be located nearer than 40 feet from a street line or other property line.

(c) No building, shall be more than two stories in height, exclusive of basement or other story containing no human habitation unless such building shall have suitable elevator service to all habitable floors above the second. No building shall exceed in height the distance to the nearest lot line.

(d) The minimum distance between any two buildings on the same lot shall be in no case less than twice the height of the taller of such buildings, except that where the walls of minimum distance between such buildings shall be in no case less than 50 feet.

(e) Parking space shall be provided at the rate of 250 square feet for each family dwelling unit, located on the same lot. The balance of the lot not used for building, driveways or parking space shall be suitably landscaped and maintained.

(f) Garage space may be provided for the use of the occupants of the project for storage of passenger vehicles only, either within the principal building or accessory building. An accessory garage building may be located within 20 feet from the side or rear lot line.

(g) The plans for any such apartment house, multiple dwelling unit or garden type apartments project shall be submitted to the Planning Board for its approval as to side layout and provisions for traffic access and parking before a permit is issued pursuant to the Rules and Regulations of the Sub-Division Control Law.

#### Article 14:-

VOTED 99 Yes, 14 No.  
To change the zone on a parcel of land from Agriculture and Business B to Residence A-3. Said parcel of land lying Easterly of River Road and Westerly of the Connecticut River, bounded and described as follows:

Beginning at a point in the Southeast corner of Lot 43 as shown on a plan recorded in Hampden County Registry of Deeds, Book of Plans 45, Page 42; thence running S 51° 31' 40" E, along lots 44 & 45 in the Southern extremity of Autumn Street and Lot 50 as shown on the aforementioned plan, a distance of Four hundred thirty-five (435) feet, more or less, to a point situated on the Westerly line of the Connecticut River; thence turning and running Southerly along the Westerly line of said Connecticut River a distance of Seven Hundred Seventy (770) feet, more or less to a point at land of Riverside Park Amusement Co.; thence turning and running N 70° 24' 00" W along land of said Riverside Park Amusement Co., a distance of Six Hundred Ninety (690) feet, more or less to a point at other land of said DeSieno, described in Parcel 1; thence turning and running N 06° 54' 00" E along other land of said DeSieno a distance of Two Hundred Ninety (290) feet, more or less; thence turning and running Northeasterly in a line parallel with said River Road, a distance of Seven Hundred Thirty (730) feet, more or less to a point at the Southeast corner of Lot 43, the point of beginning.

The above described parcel of land is all as shown on a plan made by Durkee, White, Towne & Chadelaine, Drawing No. 92-5291, dated November 23, 1965 and shaded green on the attached plan which is herewith made a part of said petition.

Attest:  
Boston, Mass., Nov. 28, 1966  
The foregoing amendments to zoning by-laws adopted under articles 6 and 14 are hereby approved.
